addressed is attached as an Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>; the Issues and Decision Memorandum is available to all parties in the Central Records Unit (CRU), Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a full description of the methodology underlying the Department's conclusions, including any determination that relied upon the use of adverse facts available pursuant to sections 776(a) and (b) of the Act, *see* the Issues and Decision Memorandum.

Rate for Non-Selected Companies Under Review

In this review, and in addition to the two selected mandatory respondents, there are 16 companies for which a review was requested and not rescinded (non-selected companies). For these non-selected companies, we could not calculate a rate by averaging Changzhou Jinxi's and tenKsolar's individual rates, as the rates for both companies are based entirely on adverse facts

⁴ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

available.⁵ Instead, for these final results, we based the non-selected companies' rates on the subsidy rate calculated for non-selected companies in the prior administrative review. For further information on the calculation of the non-selected companies' rates, refer to the section in the Issues and Decision Memorandum entitled, "Final *Ad Valorem* Rate for Non-Selected Companies Under Review."
